Introduction

Course Planner is to be a website that will enable UBC students to efficiently and easily schedule their courses and others tasks they created in the same calendar. Our scheduling system will generate helpful reminders directing you when to begin studying or working on certain tasks that you input to your personalized calendar. Course Planner is unique to other existing scheduling applications in that it allows UBC students specifically, to easily enter their registered courses and have their schedule automatically create entries for them with course information directly sourced from UBC's website. Our site also allows users to create unique calendar entries and have them displayed alongside their course schedule.

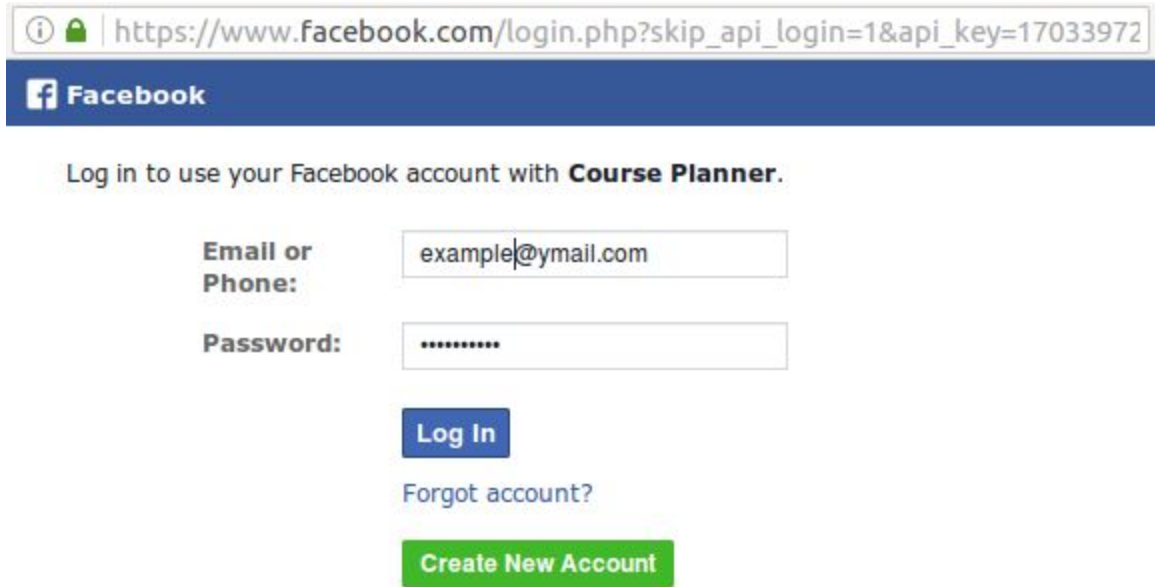

The courplanner website is: www.courseplanner.de

Getting start

Login

1. You will need a Facebook account to login to the Course Planner.
2. On the top right of the Course Planner main page, click the  button to start your Course Planner.

3. On the pop out Login page, simply input your Facebook account ID and Password, and then click the “Login” button.

The screenshot shows the Facebook login interface. At the top, the browser's address bar displays the URL: `https://www.facebook.com/login.php?skip_api_login=1&api_key=17033972`. Below the address bar is a dark blue header with the Facebook logo and the word "Facebook". The main content area has a light gray background. It starts with the text "Log in to use your Facebook account with **Course Planner**." followed by two input fields. The first field is labeled "Email or Phone:" and contains the text "example@gmail.com". The second field is labeled "Password:" and contains a series of dots. Below these fields are three buttons: a blue "Log In" button, a blue link "Forgot account?", and a green "Create New Account" button.

Log in to use your Facebook account with **Course Planner**.
